

BOUNTIFUL HARVEST

TOUR ITINERARY -Two days and two nights

DAY ONE

Begin your day with a scenic drive through the glacier carved Kettle Moraine to **Villa Loretto**. Discover the unexpected at this ranch and retirement home run by nuns in the “Holyland.” Pet a llama and enjoy over 100 domestic and exotic animals. Tours can be arranged for hayrides, spinning and weaving demonstrations and lunch featuring the “Nun Better Bakery.”

Make a stop at **Meuer Farm** – featuring in-season maple syrup, strawberries, honey and a 10-acre corn maze. This 150-acre family-owned farm practices conservation and the owners love teaching others about farming and preserving our farmland for future generations.

Head back toward Fond du Lac with a stop at the **Little Farmer Apple Orchard**. Enjoy hot apple pie and cider, a hayride and tour of the grounds including the Craft Barn and Apple House. (Open August through November)

We suggest you double back just a short way on Highway 151 to Pipe to the **LaClare Farms**. You’ll want to be there for the 4:30 p.m. feeding and milking of the goats at this one-of-a-kind goat dairy and creamery. Enjoy an early dinner at the farm in The Café featuring a seasonal menu prepared from scratch using locally raised fresh ingredients.

Check in to one of our area hotels. We’ll help you research rates based on availability.

DAY TWO

Enjoy breakfast at **Schreiner's Restaurant, Bakery and Bernie's Pub** a landmark since 1938.

Next meet Joel, a blind confectioner, at **Confections for Any Occasion**. Joel will share with you the history of his shop and you can even make your own chocolate.

From chocolate to cheese as you make a stop at **Widmer's Cheese Cellars** – a family owned business for over 70 years. View the cheese-making process and enjoy fresh samples for snacking.

With all this eating it's hard to think about lunch so we suggest you just continue your culinary tour to **Kelley Country Creamery** where the Kelley family turns their farm fresh milk into premium ice cream. USA Today proclaimed this Wisconsin's #1 Ice Cream Parlor and it has been featured on "Good Morning America."

You'll definitely need some time for R & R and perhaps a stroll around downtown Fond du Lac to see the sights.

We suggest a simple and delicious dinner at one of our local restaurants from supper clubs to family owned businesses – a heavenly experience!
